PROFILE

In the past six months, I have improved my skills in **HTML**, **CSS**, and **JavaScript** through a simple project. Additionally, I have learned to work with **React**, **TailwindCSS**, **SASS**, **Git**, and more in projects such as a **tic-tac-toe** game, **ToDo List** app, **Personal Website**, and currently the **Setpoohs** project (an online shop). I am now eager to join a dynamic company where I can further develop my skills and work on exciting projects. My goal is to enhance my abilities and grow as a skilled front-end developer.
